New Police Dispatch Number

The Sunnyvale Public Safety department has a new dispatch phone number to report issues that require IMMEDIATE attention but are not a life-threatening emergency. For example, if you see speeding cars (in progress), graffiti being painted on a fence, a broken traffic signal, or even a vehicle blocking your driveway, call 730-7180. If you have doubt as to whether or not the issue is an emergency, it is OK to call 911 anyway. Issues not requiring immediate attention may be called in to the desk officer at 730-7110. If you have any questions about public safety, call Officer Dave Falletta, SNAIL's Neighborhood Resource Officer, at 730-7148.

Did you know...

Vehicles cannot be stored on private property in an inoperable, wrecked, or dismantled condition, unless the vehicle is located in an enclosed building out of public view. If you have any questions about neighborhood appearance issues, please email np@snail.org or call Jim at 737-9479.

Parking Near Light Rail

There is free parking available for the VTA Light Rail Lockheed Martin station in the parking lot on 5th Avenue, off of Mathilda, behind the Juniper Networks building. Most of the parking spaces are for Juniper Networks employees, however, some spots are designated for Light Rail passengers. These spots are indicated by the words "PARK N RIDE" painted on the asphalt. From these parking spots, it is just a short stroll via a controlled pedestrian crossing across Mathilda to the Light Rail station.

Founders' Corner
