SNAIL Hendy Iron Works Tour – April 27 Now Open to Non-US Citizens

Founded in 1856, the Joshua Hendy Iron Works produced mining equipment, heavy machinery, metal castings, and a variety of industrial products. The company, now owned by Northrup Grumman Marine Systems, is located at 401 E. Hendy Ave., Sunnyvale. SNAIL has a museum tour reservation for Saturday, April 27th. Due to the defense work now occurring at this location, individuals need to be pre-screened by the Northrup Grumman security office. The details are:

- The tour begins at 10am.
- For those who enjoy walking, we will meet at the flag pole at the entrance to Bishop School on Sunnyvale Ave. at 9:30am. We will walk 0.9 mile to the Hendy Museum entrance.
- Everyone must have a government photo ID.
- Green card holders must bring their green cards.
- Only those who submit their complete information by the **deadline, April 14th** will be eligible to enter the facility.
- After the tour, we will go downtown for a lunch party.

If you are interested, please reply to Jim at SNAILsecretary@snail.org or 408-737-9479, by April 14th. I need ALL of the following:

- Full names of everyone in your group.
- Your contact info.
- Confirm that everyone is a US citizen.
- Green card holders: Provide your green card number, country of origin, and birth date.
- Tell me if you are interested in the lunch party.

Eves Tall Chief receiving a Certificate of Recognition from Sunnyvale DPS Chief Frank Grgurina for **calling 911** when he suspected a burglary in process on Beechnut Ave. His call resulted in the arrest of the three burglars, prevented the burglary of another home on Kirk Ave., and led to the breakup of a San Jose crime ring.

Don't miss the SNAIL tour of Hendy Iron Works on April 27th!

URGENT NOTICE

For the past two months, I have put in a notice that SNAIL needs 2 new distributors for newsletter routes in the neighborhood by April. Each route takes about 30 minutes once a month. To date we have had no volunteer response. Result of lack of response: If we haven't replaced these 2 distributors that we are losing by the end of April, 1/2 of the SNAIL neighborhood will not receive newsletters in May or the following months until 2 volunteers are found. To volunteer, please call 408-739-8490. Thank you.

The publication of our newsletter and SNAIL Neighborhood Association sponsored activities are supported through our annual yard sale, newsletter advertisements, a grant from the City of Sunnyvale, and donations.

Home Surveillance Systems

Did you know that Fry's has some professional grade home surveillance systems starting from \$330? When on sale, you can save \$150 per system. In light of all of the recent burglaries, even if you know nothing about these kinds of systems, which let you keep eyes on your home 24/7 from your smartphone or the Internet, go to the Sunnyvale store on weekends: there is a kid in there who really knows his stuff. His name is Chris(topher) and works only on weekends to support his studies. Call him at 408-910-0478, I found him to be extremely patient and willing to answer every question you might have. A real Godsend.

Letter To The Editor

I'm sad to report that there was another burglary on Gresham Ave. My house was broken into via the kitchen window (it was slightly ajar). Our bedroom was ransacked, and small electronics and a fair amount of jewelry was taken. We're still taking stock of what we lost, but it was limited to what could fit in a backpack. Many relatively low value pieces of jewelry were taken, but they held high sentimental value. The burglar went UNDER the gate on the side of the house. It must have been a skinny and nimble person to fit under the gate. The burglar attempted to come in through other windows on the side of our house, as well as the doors (as evidenced by the removal of screens and the slightly ajar sliding screens). He hit pay dirt when pried the kitchen window screen off to find that we'd left the window slightly cracked. It looked like he was in and out in under 10 minutes, and he didn't look in the kids rooms.

We all feel very shaken by this. My daughter asked if he'd taken our food or her stuffed animals. No, he had not. That's all that's important to her, and in reality, all that really matters. I admit I felt safer after they caught the burglars a few weeks ago trying to take Jim's stuff, thinking it was an isolated incident. Nope. I'm not certain if the burglar would have resorted to smashing windows to get in if I had all the windows shuttered, but it would have definitely made our house less of a target.

The police recommended to me an alarm system and a video camera. We will be eliminating the gap in the gate as well as replacing the flimsy aluminum kitchen window. Thank you for the other tips and words of support. I still think this is an awesome neighborhood and it is so nice to have supportive neighbors! Tammy and Vincent, Gresham Ave.
